Dear Scott:

Along with many others, we enjoyed your music at the Chantauqua Festival in Lewes (loo-is) Delaware. I do not play an instrument, but I sing with the Lewes Men's Chorus, a fun group. Our leader is Bill Earl a very accomplished musician; master of the piano. Just like you, we enjoyed our first visit to the first Town in the first State. Formerly from Westminster, MD, just south of Mercersburg, PA., we fell in love with the seaside town.

I have sung "Ole Lewes" to individuals, on cruise ships and even in a water taxi in Venice, Italy. You and your partner seemed to enjoy your visit and we appreciated your kind comments at your show.

Enjoy the enclosed: Bill Earl 'The Music Man' of Lewes, the song and the music.

Your friend,

Hugh
